ABOUT THE EVENT:

The Happy Face Music Festival is a regional event, all about celebrating the joy and nostalgia of music from our past - the sounds we grew up on and the memories we will never forget. This family-friendly concert is held each year in Simi Valley, California. Happy Face offers a delightful blend of live music and entertainment, delicious food, and fun-in-the-sun, set against the backdrop of the scenic Rancho Santa Susana Community Park. The festival not only gives music fans a chance to relive the iconic tunes of their past but also features a host of activities, including vendor booths, games, and local food trucks for a complete, day long, summertime experience. Beyond the entertainment, Happy Face serves a great cause! All proceeds from the event are used to support more than a dozen local charities - including meal programs for seniors, disaster relief clinics, blood donation centers, college scholarships for teens, and so much more. Happy Face is an event where community, music, and goodwill come together, celebrating happiness and good times. We hope you will participate!
